

Our Mission in San Francisco's Mission District:

Buen Dia is a learn-by-doing, play-based, multicultural preschool in the heart of San Francisco's Mission District.

For more than 40 years, the Buen Dia Family School has served as an oasis for preschoolers' personal discovery, offering an arts-focused program with a Spanish bilingual component. Buen Dia strives to foster a family atmosphere that respects children and expands early learning experiences with the guidance of thoughtful teachers.

Buen Dia's mission is to empower children to meet their potential, encourage individual expression, and enhance both their competence and self-confidence. We ignite their imaginations, creativity, and critical-thinking skills through daily experiences with art, music, and movement, as well as cooking and plenty of outdoor play.

Buen Dia sees itself as part of a larger community, and strives to take an active role in the vibrantly diverse Mission District.

Buen Dia Family School is proud to partner with the San Francisco Foundation to advance our philanthropy program.
